Comments Made About Case of Girl in Chicago Affected When Four Feet from Trolley Wire.

No trace has been found of the two coupon bonds which mysteriously disappeared Friday afternoon from the banking house of C. B. Richard & Co., No. 31 Broadway. Mr. Edwin H. Richard, a member of the firm, who lives in the Hotel Leonori, said yesterday, however, that it was almost certain that the bonds would be recovered in a few days.

Both members of the firm and the police, to whom the theft was reported as soon as discovered, agree that the robbery is an "inside job." The two bonds are valued at \$1,000. One is of the Chicago, Burlington and Quincy Railroad, No. 75,555, and the other is of the Long Island Railroad, series M, No. 14,663.

At the close of business hours on Friday afternoon the cashier put the bonds in an envelope and laid them on the secretary's desk. A short time afterward, when the secretary looked for the bonds, they were gone. When the loss was discovered the firm started an investigation and questioned a number of the employees. There are sixty-five employees in the firm, and some of these are foreigners. While all of the Americans in the clerical force did not object to the questioning, it is said that some of the foreigners took exception to the procedure. The bonds are negotiable and all banking houses and brokers have been furnished with a description of the securities and warned against cashing them.

STOCK CERTIFICATES STOLEN.

Four Belonging to National Shoe and Leather Bank Taken from Essex Post Office.

Notice was given yesterday by the National Shoe and Leather Bank of New York that the following stock certificates of that bank have been stolen in a robbery at the Essex Post Office, Essex, Conn.:—No. 377, eight shares, in the name of John B. Pratt; No. 118, sixteen shares, Essex Savings Bank; No. 385, fourteen shares, Essex Savings Bank; No. 1,135, twenty shares, Essex Savings Bank.

The transfer of these certificates has been stopped. The certificates, it is said, were old ones which were in transit to New York, where they were to be renewed by the National Shoe and Leather Bank.

Pneumonia and Consumption Cured

MR. B. C. OBLINGER, A NOTED INVENTOR, OF INDEPENDENCE, MO., HAS BEEN CURED OF PNEUMONIA THREE TIMES BY HIS JUDICIOUS USE OF DUFFY'S PURE MALT WHISKEY. DUFFY'S ALSO WARDED OFF A THREATENED ATTACK OF CONSUMPTION.

Mr. Oblinger has used Duffy's for over 25 years, and says he could not get along without it.

This intellectual gentleman writes as follows:—

Independence, Mo., Dec. 12, 1905.

I really don't know what I would do if I could not get Duffy's Pure Malt Whiskey. I commenced using it about twenty-five years ago, and have been taking a few bottles every winter ever since. Duffy's cured me of pneumonia three times and warded off consumption, with which I was at one time threatened. I now have an expansion of over five inches in the lungs, and never feel uneasy while I can have access to your wonderful medicine. I am always doing everything I can to relieve others of their suffering by recommending Duffy's Pure Malt Whiskey. B. C. OBLINGER, Inventor.

Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and enables you to get from the food you eat all the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. Duffy's is the only whiskey that has been recognized as a medicine. This is a guarantee.

TALKS on TEETH

BY G. GORDON MARTIN, M.D., D.D.S.

A Soldier Musician Gets New Teeth.

Some time ago, during the latter part of last year, John J. Gorman, formerly chief trumpeter of the 7th N. Y. Volunteers, came to our offices, 320 5th av., to make inquiries about the new AL-VE-O-LAR Method of supplying teeth without plates, about which he had been reading in the New York papers.

Like a good many other men, Mr. Gorman was confronted with the partial plate proposition, or, worse still, a "bridge"—both unsatisfactory makeshifts for real teeth. His teeth were in bad shape.

After making a careful diagnosis of his case we advised him we could restore all the teeth he had lost with our AL-VE-O-LAR Method—(teeth without plates).

We promised that the new teeth would be so perfect in looks, fit and feeling that he would not know but that he had a full set of nature's teeth. On that understanding we speedily came to an agreement.

Mr. Gorman has kindly written a letter of indorsement, which we print here, showing that we have made good on our promises:—

December 12, 1905.

DR. G. GORDON MARTIN, New York City.

Dear Sir:—I believe the Alveolar Method as practiced by you is the best dentistry known to-day.

You put eight teeth for me in my upper jaw without plate or bridge, and I must say that it is very satisfactory. They have been much admired by my comrades, and I respectfully request that you send me a number of your booklets.

Your treatment was comparatively painless and my teeth feel now perfectly solid and firm.

Thanking you for your kindness, I am, yours very truly,

JOHN J. GORMAN, Ex-Chief Trumpeter 7th N. Y. Vol., 44 Meeker av., Brooklyn, N. Y.

This is by no means an exceptional case. We have hundreds of just such cases and the results are always just as satisfactory.

If you are having teeth troubles and are wearing a partial plate or bridge or are confronted by that alternative we want an opportunity of looking your mouth over. If you have two or more teeth in either jaw, tight or loose ones, we can, with our AL-VE-O-LAR Method, restore all the missing teeth, which will look, act and FEEL exactly like they GREW in your jaws.

We cure the CAUSE of loose teeth, commonly known as PYORRHEA (Riggs' Disease), and as far as we know no dentist anywhere will even promise to do so, much less do it. The secret is ours.

Come to our offices and let us make a careful diagnosis of your case, which will be absolutely free and with no obligation on your part to have any work done. If you cannot come at once send for Dr. Martin's book "ALVEOLAR DENTISTRY," which gives particulars of this modern marvel of dental science. It is free for the request.

The reading of this book brings us patients from all over America.
